Paint Your Nails on Mount Greylock!

Saturday 11:00am, 1 hour duration

March 14 & March 21, 2015

What, investigate the “balance of nature” while painting nails? Sounds like fun, but how is this even possible?

Find out at our science, nature, and art extravaganza!

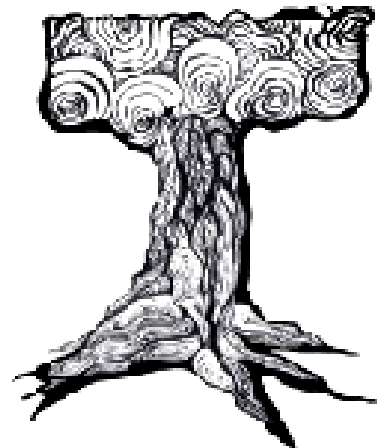

Each participant will decorate their own ‘balance of nature’ puzzle, which they can then take home to enjoy and to amaze their friends with.

The program, the paint, the nails, and the hot chocolate are all free.

Meet at the Mount Greylock State Reservation Visitor Center, 30 Rockwell Road in Lanesborough, 1.5 miles off US Route 7 from the intersection with North Main Street.

Reasonable accommodations available upon request.

For more information, or in case of inclement weather, call Jude at 413-499-4262.
